Project Name	Virtual eye –life guard for swimming pool s to detect active drowning
Maximum Marks	2 Marks

Customer Problem Statement:

Problem Statement (PS)	Iam (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	trainer	To monitor swimmers	All time I could not monitor	I am not always being the swimming pool	Worried about safety
PS-2	trainer	Getting the live breathing data from the swimmers	Don't have enough cameras to monitor	More cameras are needed to monitor	Sad
